St. Patrick's Catholic School

St. Patrick's Catholic School is a pre-Kindergarten through Grade 8 Catholic Elementary and Middle School under the Diocese of Nashville Schools Office.

The curriculum stresses academic achievement within a Christian community where the child feels that he/she is loved and respected by his/her peers as well as the teacher. United with each other in meaningful liturgy and prayer, the students can further come to an understanding of the Christian life. At St. Patrick's, we are attempting to "teach as Jesus did."

The Diocesan curriculum guidelines, consistent with the State of Tennessee guidelines, and Diocesan Standards are followed for the teaching of all secular subject areas. The curriculum is marked by current content and fresh approaches to methodology. There is emphasis on principles rather than fact, on learning through problem solving rather than by precept. We strive to offer a program which makes use of many sources of reading material, a wide variety of audio-visual and technology tools and a multi-text approach to the content areas.

Mission Statement of St. Patrick's Catholic School

Saint Patrick's Catholic School's mission is to glorify God through the education of children in the Gospel values proclaimed and embodied by Jesus Christ. In truth and love, the children are formed spiritually, intellectually, physically, and morally.

Mission Statement of St. Patrick's Extended Care Program

St. Patrick's Extended Care Program is a vital part of the mission of St. Patrick's Catholic School extending its mission to provide a Christ-centered Catholic educational experience that will help to develop the whole child – spiritually, academically, and socially. St. Patrick's Extended Care is a service to the families of St. Patrick's School so that children of families in need of care outside of regular school hours may attend the school.

Philosophy

Saint Patrick's School is a Catholic elementary school which strives to impart a Christian education enabling students to take their place as well-rounded Christian citizens in their community, and to prepare them to spread the Gospel and to live it. Developing the spiritual, mental, moral, physical and social growth of each individual child will be accomplished through

guidance in Christian ideals and a well-planned curriculum that fulfills the individual needs and learning abilities of each student. The Catholic Church recognizes the parents as the primary educators of their children, and Saint Patrick's School is wholeheartedly committed to the task of cooperating with parents and aiding them in recognizing and developing the dignity of each child.

Philosophy of the Extended Care Program

St. Patrick's Catholic School Extended Care Program provides a safe welcoming environment for the students of St. Patrick's Catholic School to pray, learn, play, and foster relationships outside of the comprehensive classroom. In turn, parents will be assured in knowing that their child is in a safe and caring environment as they complete their work and ministry before picking up their child.

Attendance

Students who are sent home during the school day as a result of illness will not be allowed to return to school to participate in the Extended Care Program.

Students who are enrolled in Extended Day will be charged for the number of hours for which they participate in the program. Families will be billed at the end of each month.

Allergy Policy

St. Patrick's Extended Care Program recognizes that an allergy is an important condition affecting many school children and positively welcomes all pupils with allergies to participation in the program.

All Extended Care staff who come into contact with children with allergies are provided with training on allergies. Training is updated annually and as needed.

1. Asthma Medication

Immediate access to reliever inhalers is vital. Children are encouraged to carry their reliever inhaler. Parents are asked to ensure that the school is provided with a labeled spare reliever inhaler. All inhalers must be labeled with the child's name by the parent.

2. Record Keeping

At the beginning of each school year, or when a child joins St. Patrick's Catholic School, parents are asked to submit a child's medical record. From this information the school keeps its asthma register which is available for all school and Extended Care staff. If medication changes in between times, parents are required to inform the school and the Extended Care Director.

3. The School Environment

The school does all that it can to ensure the school environment is favorable to children with asthma or allergies. As far as possible the school does not use chemicals in the Extended Care Program that are potential triggers for children with asthma. Be advised that no school or Extended Day Program can guarantee that a child will not come into contact with a substance that may trigger an attack.

Allergic Reaction/Emergency

In the event of a suspected allergic reaction (where there is no known allergic history), the emergency medical services will be called immediately.

A parent or guardian of a student with diagnosed food allergies is responsible for providing all food for his/her own child. Snacks will be kept in a separate snack box or chest provided by the parent or guardian. (An adjustment will be made to the daily rate charged.)

Tables will be washed with soap and water following any food related events held in the Extended Care Room.

Proper hand cleaning techniques will be taught and encouraged before and after the handling/consumption of food.

Buckley Amendment

St. Patrick's Catholic School adheres to the Buckley Amendment (Family Education Rights and Privacy Act) in regard to student records and the rights of non-custodial parents. It is the responsibility of the parents to share any official custodial information determined through the courts. Official custodial agreements will be kept in a confidential file in the office of the principal. It is extremely important that this same information is shared with the Director of the Extended Care Program so that the student(s) is released to the custodial parent or guardian.

Bullying and Cyberbullying

St. Patrick's Catholic School attempts to provide a safe environment for all individuals. Verbal or written threats made against the physical or emotional well-being of any individual are taken very seriously. Students making such threats (**seriously or in jest or online**) face detention, suspension, and/or expulsion.

Conduct

In accordance with the stated philosophy of the school, which emphasizes deep respect for the human dignity and uniqueness of every

individual, each student will be considerate of the rights of others in all interactions. All students are expected to cooperate with the spirit and policies of the school which are designed to foster mature development and personal responsibility. This requires courtesy in all personal relationships, promptness in fulfilling obligations, concern for the environment, and many other factors which the students' sense of appropriateness will indicate to them.

The Extended Care Director in collaboration with the Principal or Assistant Principal reserves the right to determine the appropriateness of an action if any doubt arises.
